

A Eugene M. & Christine E. Lynn Cancer Institute program  
dedicated to enhance appearance while under treatment.

*The BeUtiful appearance and image program teaches beauty techniques to women following cancer diagnosis or those in active treatment. This program is free to participants and all will receive a complimentary cosmetic kit.*

Our BeUtiful Program, currently **virtual**, takes place the *second Monday* of every month, from **10:30am – 12:00pm** via zoom. Please call **561-955-5406** to RSVP.

*A woman's beauty is only skin deep, but how we feel about ourselves on the outside can affect mood, well-being and overall outlook on life.*

**\*Participation available up to one-year post-treatment**
